unless the Council, based on written request, grants an exception or extension to this time limitation;

(3) Funds available under paragraph (e)(1) of this section shall be available for redistribution to those States requesting additional funds pursuant to §740.3(d)(7). These funds shall be distributed on the basis of proposals in the application, and the relationship of the State's original allocation to the original allocation of other States requesting redistribution funds; and

(4) Funds available under paragraph (e)(2) of this section shall be added to funds available for distribution for the next fiscal year, if the appropriation legislation for the current year allows

- (3) OMB Circular A-73 (34 CFR Part 251), entitled "Audit of Federal Operations and Programs;"
- (4) OMB Circular A-95, entitled "Evaluation, Review and Coordination of Federal and Federally assisted Programs and Projects;"
- (5) Treasury Circular (TC) 1075, entitled "Regulations Governing Withdrawals of Cash from the Treasury for Advances under Federal Grants and other Programs;"
- (6) TC 1082, entitled, "Notification to States of Grants-in-Aid Information"; and
- (7) Other procedures which the Council may from time to time prescribe for the administration of financial assistance.
- (b) The planning process as required by these guidelines and assisted by WRC Title III program funds shall reflect the concepts of the Council's 1979 publication, *A Unified National Program* for Floodplain Management, and the con-

cepts of floodplain and wetlands identification, avoidance and mitigation as described in the Council's *Floodplain Management Guidelines* (43 FR 6030). In the application for financial assistance, the State shall assure the Council that the following planning concepts have been or will be integrated into the planning process:

(1) Determination of whether proposed activities would be located in floodplains or wetlands, or, even if located outside of them, would have the potential to affect floodplains or wet-

lands;

(2) Avoidance of performing activities within floodplains or wetlands wherever there is a practicable alternative;

- (3) Where avoidance of floodplains cannot be achieved, minimization of adverse impacts and support of floodplain development, and preservation and restoration of natural and beneficial floodplain values; and
- (4) Where avoidance of wetlands cannot be achieved, minimization of adverse impacts and support of new construction in wetlands, and preservation and enhancement of natural and beneficial wetlands values.
- (c) Program funds must be obligated within the grant period unless the Council, based on written request, grants an exception or extension to this time limitation. The repeated occurrence of unobligated program funds at the end of the grant period will be considered in determining the need for assistance in subsequent years pursuant to \$740.6(d)(5).
- (d) The procurement standards, practices, rules and policies of the State as customarily applied, if in accordance with Attachment O of OMB Circular A-102, shall govern for procurement costs incurred in an approved program.
- (e) For all matching funds the sources of a State's cost share shall have no bearing on whether or not such costs can be matched by Federal funds

except that:

- (1) Other Federal funds or property cannot be used for matching purposes unless specifically permitted by Federal law;
- (2) Program funds shall not be used to match Federal funds under any other federally aided program;

§ 740.8

- (3) Non-Federal funds used to match other federally aided programs shall not be used to match funds provided under the Act; and
- (4) Federal funds provided through this program, if duly matched through the requirements of this part, may be used as non-Federal contributions for Level B studies beginning in Fiscal Year 1981.
- (f) Any cost incurred for water management planning may be employed for matching a grant awarded under the Act except as specified in this section. Such expenditures must be reasonable, documentable, and directly applicable to the approved program.
- (g) Program funds may not be used for:
- (1) Items whose costs are not allowable under the provision of FMC 74-4;
- (2) Contributions, dues or assessments to support headquarters offices of interstate commissions, compacts, councils, interagency committees, or other similar organizations;

- (h) Federal funds may not be used to substitute for State and local funds that would have been made available for water management planning programs in the absence of the grant funds provided under this part. Federal funds may be used to supplement and complement existing water management planning programs. It does not prevent drawing matching shares from individual programs or from existing agency appropriations, budgets, or resources so long as expenditures are not

- (j) Financial management procedures shall comply with Attachment G of OMB Circular A-102 and with TC 1075. The applicable Federal requirements shall apply to the State and to local governments or non-governmental entities that receive funds as a sub-grantee for the purposes of the Act.

§740.8 Reporting.

- (a) The designated agency shall submit program status reports and financial statements in accordance with procedures established by the Council. Instructions and a description of the content of these reports and the appropriate forms will be provided by the Council and will be in accordance with Attachments H, I and K of OMB Circular A-102 and TC 1075.
